

V - Vigilance ... it is personal

I - Identify problems at base level

S - Speak up – even if it uncomfortable to do so

I - Investigate ways to mitigate the risk

O - Own it until it is fixed

N - Network with the community: best practices and lessons learned

Z - Zero IS an achievable number

E - Education

R - Research

O - Objective Outcomes

ZERO Errors of Consequence

Vigilance costs us nothing if we have it
and **everything** if we do not.
